

What is The South Kent Fund?

The South Kent Fund represents the unrestricted dollars and quasi-restricted dollars donated by members of the South Kent community that support the operating budget.

Apart from tuition, The South Kent Fund is the most important method for funding South Kent's continued excellence. The greater the support we receive from our constituencies, the more significant impact The South Kent Fund will have on our faculty, staff, and students.

This fund is critical to all we do, and it provides us with the immediate flexibility to direct our resources where they will make the most impact.

Without The South Kent Fund, our students would not be able to enjoy the many things we take for granted: weekend activities, paintball games, Broadway shows, outdoor adventure trips, movie nights, PERCH, and more.

Tuition alone does not fully cover the expenses per student and the SKF is depended on to make up the difference. Parent participation and the overall performance of The South Kent Fund have never been more important to the success of our School.

The South Kent Fund allows the School to offer the following:

- A full range of extra-curricular opportunities in the arts, science, technology, and future literacies
- An exceptional student experience through activities, clubs, speakers, intramural programs, entertainment, local trips, and weekend activities
- Exceptional faculty who we can attract and retain through professional development opportunities
- Financial assistance to the outstanding students and families who otherwise would not be able to afford the South Kent experience
